Portuguese

(native language)

English – B2

(spoken interaction/writing)

About Me

I'm a **software developer** with **3 years of experience**. I had the opportunity to develop and maintain various applications using JavaScript, Spring Framework, SQL, and other technologies.

During my **internship**, I worked as a **full-stack developer** using Laravel Framework, phpMyAdmin, HTML, CSS, and Bootstrap.

I value **teamwork** and continuous learning, always motivated to share knowledge.

Currently, my main goal is to specialize in **web development**, focusing on **React**. I recently obtained **certifications** in React, React Router, Next.js, TypeScript, and Tailwind CSS, and I've been developing **personal projects** to consolidate and apply the knowledge I've acquired.

Experience

Jun 2024 – May 2025

Developer – Accenture, Lisbon

- Contributed to the evolution and maintenance of a pledge and sales web applications built with the Spring Framework.
- Implemented system enhancements and resolved bugs in Java and PL/SQL code.
- Analyzed application logs using Splunk to identify and troubleshoot issues.

Technologies: Spring Framework (Java), JavaScript, SQL Developer, PL/SQL, HTML, Splunk, and Git Extensions.

Feb 2022 – Mar 2024

Developer – Accenture, Lisbon

- Contributed to the evolution and maintenance of an order manager system in the telecom sector.
- Performed backend development with JavaScript.
- Created and maintained system flows and sub flows.
- Executed testing using SoapUI.
- Managed build process using Jenkins to ensure smooth deployment.

Technologies: JavaScript, Ericsson Order Care, SoapUI, Jenkins, SQL Developer, and SVN.

Skills

Work Experience *	
JavaScript	4
HTML	4
CSS	4
Laravel Framework	4
Scrum	4
Git	4
Bootstrap	3
SQL and PL/SQL	3
Spring Framework	2

Personal Experience *	
React	4
React Router	4
TypeScript	4
Jest	4
React Testing L.	4
Next.js	3
Tailwind CSS	3
Firebase	3
React Developer Tools	3
Redux Toolkit	3
Redux Developer Tools	3
Playwright	3
React Hook Form	2
Git Actions	2

* Knowledge level: 1 (basic) – 5 (advanced)

Experience (cont.)

Aug – Nov 2019
Full-stack developer – Curricular Internship – Globalseven, Setúbal

- Developed a non-conformity management web application.
- Contributed to front-end development for additional projects.

Technologies: Laravel Framework (PHP), phpMyAdmin, HTML, JavaScript, CSS, Bootstrap, Adminlte and Git.

Personal Projects

Frontend mentor portfolio

Developed responsive, mobile first web projects based on Frontend Mentor challenges.

Technologies: Next.js, React, Redux Toolkit, React and Redux Dev Tools, React Hook Form TypeScript, HTML, CSS, Tailwind CSS, Jest, React Testing Library, Playwright, Git and Git Actions
